## A CARD.

RICHARD REID, of Montgomery county, is a candidate for Judge of the Superior Court of the Third District of Kentucky, subject to the action of the Democratic party.

THE Falmouth Republican complains of their Sabbaths being broken by liquor.

OSCAR WILDE netted \$25,000 by his trip in this country. Yet there are people who call him a fool.

COMETS, sun pots, electric storms and terrific tornadoes. Perhaps Mother Shipton made a mistake in the year.

RICHARD REID, of Mt. Sterling, Judge Jas. W. Anderson, of Flemingsburg, Jas. O'Hara, of Covington, — French, of Lewis, and W. A. Cunningham, of Paris, are candidates of the Superior Judgeship, of the third district.

LEXINGTON had all of that agonizing and voting for the State Capital for nothing. Well, the great circus and the Spring races will be some little consolation.

Gov. CRITTENDEN, of Missouri, says he believes Frank James is dead. The Governor will be liable to find him as lively as a hornet before the blackberry season is over.

IMMIGRATION from Europe thus far this year, shows an increase of 33 1/2 per cent. over that of last year for the same space of time. This shows that our prosperity is on the climb.

AN Owen county man says that "all hell can't kill peaches when they bloom in the light of the moon." It seems though, that a breeze from another well known seaport did knock the socks off of them in this section.

ALL five of the German papers of Cincinnati have turned Democratic since the passage of the Pond liquor bill. Now if they will only stick to the track until after the Presidential election, Thurman will carry Ohio with a big boom.

NEARLY 500 drinking saloons were open in Cincinnati Sunday, in defiance of the law which Mayor Means proclaimed that that he would enforce. Extra police patrolling all day and taking down the names of all offenders, and yesterday they were all yanked together into police court.

W. H. DAUGHERTY, of Owingsville, who is chairman of this Appellate District, will call the committee together in order to locate the place of holding the Superior Court candidate's convention. As Owingsville had the Appellate convention, it would be but just that the bluegrass have a little whack at this pie; therefore we nominate Paris as a suitable place for holding the Superior Court Convention.

## Scandal in Frankfort.

GEN. NUCKOLS, Adjutant General of the State, has been brought to the front in a column article of the Louisville Commercial, in way of a disgraceful scandal. It appears that a pretty little married woman named Mary Owens, went into the General's office in mid-day on some business, and she alleges that he took her by the hand and offered her \$1,000 if she would love him as well as her husband. To this proposition she turned a contemptuous ear, and secretly advised with her husband and a lawyer, and decided to bring suit for \$10,000 damages. Judge Hord and Ira Julian informed the Commercial reporter that the suit had been compromised, by Nuckols paying a small sum of money—less than \$400, says Julian, and a small instrument of writing from Nuckols to Owens. Nuckols disclaims committing any offense, or offering any insult, but Mr. Julian says, "The worst that can be said of him he was only guilty of an indiscretion, and he certainly did the woman no harm."

THE Democratic Executive Committee met at Louisville and exonerated Capt. Tom Henry from the charges of obscenity brought against him by the Louisville Commercial. He pleaded guilty to the charge of drunkenness, and threw himself on the mercy of the committee, which forgave him, and bade him go and sin no more. His principal accusers—the hotel employes, testified that there were no ladies present when he used the indecent language. Capt. Henry will therefore remain the Democratic candidate, and all who can eat crow will have to take a worse dose by swallowing Jacob and his long train of Republican evils—the least of which would be in strict keeping with Capt. Henry's little spree.

The North American Review has received a telegram from its correspondent, Mr. Charnay, the explorer, announcing that he has succeeded in penetrating the country of the Lacandonas, a warlike and jealous tribe in Guatemala, and discovering the supposed missing link of the American Archaeology, the "Phantom City," vague rumors of whose magnificence reached the ear of the American traveler Stephens in 1840.

JESSE JAMES has been heard from in the spirit land. He refuses to make known his future plan further than to intimate that he wants to converse with Frank, and to help him to lay out a Summer's campaign. Jess. says that Frank passed through Louisville a few days ago.

A FEMALE crank from Connecticut arrived in Washington, and was taken in charge by the police. She said she came for the purpose of marrying the President, and then she intended to pray with him and thus induce him to pardon Guiteau.

SMALL-POX is raging in Atlanta and all surrounding towns. It is principally among the negroes, who call it black measles, and violently resist vaccination, on the grounds of persecution by the white race.

A WARE-HOUSE containing 2,000 barrels of whiskey fell at Newhaven, Ky., Sunday, and 500 barrels of good whiskey wasted. Wonder if Barnes' devil was the cause of the wind making this bold strike?

It is quite apparent that another Democrat in high authority, wanted to Nuckol (s) down to something in a Tom Henry way. What is getting the matter with the boys?

BOB. INGERSOLL has been glorified in the death of Wm. Sindram, a New York murderer, who died in his faith, on the scaffold. His last words were, "I believe in Bob Ingersoll."

## THE BEST REMEDY

FOR Diseases of the Throat and Lungs.

AYER'S In diseases of the pulmonary organs a safe and reliable remedy is invaluable. AYER'S CHERRY PECTORAL is such a remedy, and no other remedy merits the confidence of the public. It is a scientific combination of the medicinal principles and curative virtues of the finest drugs, chemically united, of such power as to insure the greatest possible efficiency and uniformity of results. It strikes at the foundation of all pulmonary diseases, affording prompt relief and rapid cures, and is adapted to patients of any age or either sex. Being very palatable, the youngest children take it readily. In ordinary Coughs, Colds, Sore Throat, Bronchitis, Influenza, Clergymen's Sore Throat, Asthma, Croup, and Catarrh, the effects of AYER'S CHERRY PECTORAL are magical, and multitudes are annually preserved from serious illness by its timely and faithful use. It should be kept at hand in every household for the protection it affords in sudden attacks. In Whooping-cough and Consumption there is no other remedy so efficacious, soothing, and helpful.

Low prices are inducements to try some of the many mixtures, or syrups, made of cheap and ineffective ingredients, now offered, which, as they contain no curative qualities, can afford only temporary relief, and are sure to deceive and disappoint the patient. Diseases of the throat and lungs demand active and effective treatment; and it is dangerous experimenting with unknown and cheap medicines, from the great liability that these diseases may, while so trifled with, become deeply seated or incurable. Use AYER'S CHERRY PECTORAL, and you may confidently expect the best results. It is a standard medical preparation, of known and acknowledged curative power, and is as cheap as its careful preparation and fine ingredients will allow. Eminent physicians, knowing its composition, prescribe it in their practice. The test of half a century has proven its absolute certainty to cure all pulmonary complaints not already beyond the reach of human aid.
